## 1. OBJECTIVE

The Board considers that it is desirable that Directors, KMP and Employees of the Company should hold Perpetual Securities (where appropriate) and that doing so aligns their interests with other shareholders.

The purpose of this policy is to set out the obligations of Directors, KMP and Employees of the Company when trading in Perpetual Securities in a Personal Capacity to ensure that:

- a) all trading is conducted lawfully and appropriately and in a manner which maintains the confidence of the market in Perpetual Securities;
- b) legal, regulatory and reputational risk to Perpetual, its Directors, KMP and Employees is minimised; and
- c) their Closely Connected Persons are made aware of the restrictions that apply to their trading in Perpetual Securities and that they take reasonable steps to ensure their Closely Connected Persons comply with the requirements set out in this policy.

## 2. SCOPE

This policy applies to all Directors, KMP and Employees of Perpetual and its Controlled Entities when trading in Perpetual Securities in a Personal Capacity.

For the avoidance of doubt, this policy applies globally.

## 3. LEGAL FRAMEWORK

The requirements set out in this policy are separate from, and additional to the legal prohibitions contained in the Corporations Act on Insider Trading. Insider Trading is a criminal offence and the existence of a trading window or approval to trade under this policy will not prevent a breach of the law on insider trading. All Directors, KMP and Employees are responsible for forming a view as to whether or not they are in possession of Non-Public Material Information when trading in Securities (including Perpetual Securities). If there is any doubt, the safest course is not to trade.

The prohibition on Insider Trading whilst in possession of Non-Public Material Information includes:

- a) applying for, acquiring or disposing of a Security; or
- b) entering into an agreement to apply for, acquire, or dispose of, a Security; or
- c) procuring another person to apply for, acquire, or dispose of, a Security, or procuring another person to enter into an agreement to do so.

## 4. RULES ON TRADING IN PERPETUAL SECURITIES

The five rules set out below are in addition to the prohibition on Insider Trading and other constraints applicable at law.

---

## **RULE 1 – NO SPECULATIVE TRADING, SHORT SELLING OR HEDGING OVER PERPETUAL SECURITIES**

Directors, KMP and Employees must not trade in Perpetual Securities in a Personal Capacity:

- a) for short term or speculative gain. All positions must be held for a minimum period of 12 months. This does not apply to a disposal of Perpetual Securities after vesting or release from restrictions under one of Perpetual's incentive plans;
- b) as part of a short selling strategy; or
- c) as part of a hedging arrangement aimed at limiting the economic risk of holding Perpetual Securities or at limiting exposure in relation to "at risk" remuneration.

Such trading is prohibited whether conducted by Directors, KMP or Employees in a Personal Capacity.

## **RULE 2 – NO MARGIN LOANS OVER PERPETUAL SECURITIES**

Directors, KMP and Employees must not enter into or otherwise facilitate margin loans over Perpetual Securities in a Personal Capacity.

## **RULE 3 – NO TRADING IN A PERSONAL CAPACITY IN A PROHIBITED PERIOD**

Directors, KMP and Employees must not trade during the following periods in a Personal Capacity:

- a) the period beginning at 8am (Sydney time) on 30 June and ending at 5pm (Sydney time) on the first full trading day following the announcement to the ASX of Perpetual's annual financial results; and
- b) the period beginning at 8am (Sydney time) on 31 December and ending at 5pm (Sydney time) on the first full trading day following the announcement to the ASX of Perpetual's half-yearly financial results; and
- c) the period beginning at 8am (Sydney time) on the last day of the reporting quarter and ending at 5pm (Sydney time) on the first full trading day following the announcement to the ASX of the quarterly funds under management statement (Quarterly Business Update). For example, the March Quarterly Business Update will have a Prohibited Period starting from 8am (Sydney time) on 31 March ending at 5pm (Sydney time) on the first full trading day following the announcement of the March Quarterly Business Update to the ASX.

The Board of Perpetual reserves the right to impose any additional Prohibited Periods on an ad-hoc basis when it considers it prudent to do so.

Approval to trade during a Prohibited Period may be given in exceptional circumstances. See Section 5 below.

## **RULE 4 – PRE-APPROVAL REQUIRED FOR TRADING**

Despite the existence of a trading window, pre-approval of all trading in Perpetual Securities by KMP and Employees (including Executive-Directors) in a Personal Capacity must be requested via the Pre-trade Compliance System. Requests for same day trades must be made by 2pm (Sydney time).

Approvals will be valid for five business days following the day on which approval was granted, unless approval is granted within five days of the start of a Prohibited Period, in which case approval will expire concurrently with that commencement. Once expired, any request for pre-approval must be re-submitted for a fresh approval and cannot be extended.

Non-executive Directors do not currently have access to a Pre-trade Compliance System and must therefore seek prior approval for all transactions involving Perpetual Securities using the process set out in Attachment A.

Employees of some Controlled Entities outside of Australia must ensure compliance with any additional clearance requirements or restrictions that apply to owning or trading in Perpetual Securities under the entity's Pre-trade Compliance Systems.

---

## RULE 5 – OBLIGATION TO MAINTAIN RECORDS OF HOLDINGS

Executive KMP and Employees are required to maintain records of their holdings in Perpetual Securities. Records must be kept and made available for inspection at any time by Company Secretariat or Compliance or Risk teams for the purpose of assessing compliance with the requirements of this policy. Perpetual will keep a record of the holdings of Directors of Perpetual Limited based on information the Directors submit for the purposes of ASX notifications and annual report disclosures.

## 5. EXCEPTIONAL CIRCUMSTANCES

A Director, KMP or Employee who is not in possession of Inside Information may apply in writing to the Chairman of the Perpetual Audit, Risk and Compliance Committee for prior written approval to sell or otherwise dispose of (but not acquire) Perpetual Securities during a Prohibited Period in the following exceptional circumstances:

- a) severe financial hardship – a person may be in severe financial hardship if they have a pressing financial commitment that cannot be satisfied otherwise than by selling Perpetual Securities and this is the only reasonable course of action available;
- b) as required by law, an order of a Court or Court enforceable undertakings; or
- c) in any other circumstances that are determined by the Chairman of the Perpetual Audit Risk and Compliance Committee to be exceptional circumstances.

The Chairman of the Audit, Risk and Compliance Committee will exercise the power to grant approval in exceptional circumstances sparingly and with caution. Any approval granted must be in writing.

In the case of an application from the Chairman of the Audit, Risk and Compliance Committee, they may apply in writing to the Chairman of the Board.

## 6. EXCEPTIONS TO THIS POLICY

Subject to the laws on Insider Trading, this policy does not apply to:

- a) dealings that result in no effective change to the beneficial interest in Perpetual Securities, for example transfers of Perpetual Securities already held by a Director, KMP or Employee into a superannuation fund or other saving scheme in which the Director, KMP or Employee is a beneficiary, including where shares are released from a Director or Employee share trust following a restriction period;
- b) an investment in, or trading in units of, a fund or other scheme (other than a scheme only investing in Perpetual Securities) where the assets of the fund or other scheme are invested at the discretion of a third party;
- c) where a Director, KMP or Employee is a trustee, trading in Perpetual Securities by that trust provided the Director, KMP or Employee is not a beneficiary of the trust and any decision to trade during a Prohibited Period is taken by the other trustees or by the investment managers independently of the Director, KMP or Employee;
- d) undertakings to accept, or the acceptance of, a takeover offer;
- e) trading under an offer or invitation made to all or most Perpetual Security holders, such as a rights issue, a security purchase plan, a dividend or distribution reinvestment plan, a scheme of arrangement and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the Board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue;
- f) the vesting or exercise (but not the subsequent sale of Perpetual Securities following exercise) of a Company-issued option or a right under an employee incentive scheme, or the conversion of a convertible Perpetual Security, where the final date for the exercise of the option or right, or the conversion of the Perpetual Security, falls during a Prohibited Period and the Director, KMP or Employee could not reasonably have been expected to exercise it at a time when free to do so; and

- 
- g) trading under a predetermined investment or divestment trading plan for which prior written clearance from the Chairman of the Audit Risk and Compliance Committee has been obtained and where:
- i. the Director, KMP or Employee did not enter into the plan or amend the plan during a Prohibited Period; and
  - ii. the trading plan does not permit the Director, KMP or Employee to exercise any influence or discretion over how, when, or whether to trade.

## **7. CONSEQUENCES OF NON-COMPLIANCE WITH POLICY**

A breach of the Insider Trading laws is a serious offence that may attract both civil and criminal penalties under the Corporations Act.

Compliance with this policy is mandatory and a breach is considered to be a serious matter that will result in disciplinary action, including possible immediate dismissal.

Directors, KMP and Employees must ensure that they not only comply with the letter of this policy but also the spirit, and at all times consider the risk to both Perpetual's and their own reputation when conducting trading activities in their Personal Capacity. They must not structure arrangements or procure third parties to trade to circumvent the operation of this policy.

## **8. FURTHER DISCLOSURE REQUIREMENTS**

Trading in Perpetual Securities in a Personal Capacity may result in disclosure obligations to regulators. These include notification to the ASX of:

- any trading in Perpetual Securities by Directors of the Company (within five days of the trade); and
- substantial shareholdings and 1% movements to those shareholdings.

## **9. ATTACHMENTS**

**Attachment A** - Procedure for Non-executive Directors to seek pre-approval to trade in Perpetual Securities

Where the Chairman of Perpetual Limited or Chairman of the Audit, Risk and Compliance Committee is not available, or the veto involves one of them personally (e.g. overturning their approval to trade) the veto decision should be considered by whichever of them is not personally involved and a nominated Director of Perpetual Limited

Where the power of veto has been exercised this will be immediately communicated in writing to the individual(s) affected and should be kept strictly confidential by those persons.
